TRAFIC

- Transworld Air Freighters Company (TRAFIC) was established in 2005 as a private air cargo shipper operating freighter airplanes from Jordan to a number of destinations in the Middle East, Europe and Africa. In January 2005, TRAFIC inaugurated its Iraq route, offering limited air cargo services.
- Strategically located in the special economic zone of Aqaba, Jordan's seaport, TRAFIC provides the proximity required to time-and cost-efficiently transport your cargo to major cities in the three continents together with unmatched access to land, air and sea cargo transportation modes.
- Our uncompromising commitment to offering superior services allows us to continue introducing advanced cargo solutions to your company's shipping needs. A fleet of owned and leased aircrafts is ready to transport the biggest of your cargo requirements in the most cost-effective way.
- TRAFIC is a limited liability company (LLC) that obtained its Air Operator Certification (AOC) from the Jordan Civil Aviation Authority (JCAA) in June 12, 2005. The company's home base is the King Hussein International Airport (KHIA) in Aqaba, Jordan but is allowed to use any Jordanian airport. TRAFIC is registered as an investment company in the Aqaba Special Economic Zone Authority (ASEZA) in accordance with JCAA regulation.

Services

TRAFIC has created a number of specifically tailored cargo solutions to cater to your business' varying transportation requirements. We are committed to offering superior air cargo services at competitive rates. From the moment a flight is booked to the point of delivery, TRAFIC can take care of your shipment through its comprehensive delivery service that is completed within 72 hours.

- **Air Charters:** TRAFIC offers you the convenience of chartering your own aircraft for a one-time delivery of your cargo to anywhere in the world.
- **Dry lease:** TRAFIC offers you dry lease operations for your convenience in which we furnish the aircraft and you separately procure personnel, fuel and provisions necessary to operate the airplane.
- **Regular Route Service:** TRAFIC offers its shipping services through its regular routes covering various cities in the Middle East, Europe and Africa, such as: Baghdad, Iraq; Khartoum, Sudan; Algiers, Algeria; Brussels, Belgium, and Istanbul, Turkey.
